Anxiety in Children and Adolescents: What Parents Need to Know

March 5, 2008, Rockville, MD. [Click here for details!](#)

Child With Behavior Difficulties?

Researchers at the NIMH are seeking children and adolescent volunteers with behavioral problems to participate in research studies.

Your CHILD may be eligible for mental health research if he or she is:

- between the ages of 10 and 17
- medically healthy; has had problems in school (disruptiveness, anger, or aggression)
- doesn't feel guilty when doing something wrong

No treatment will be offered. Participation may include behavioral observation, brain imaging, and psychological interviews. The studies are conducted at the NIH Clinical Center in Bethesda, Maryland.

Financial compensation and transportation assistance will be provided.

Please call: 1-866-917-NIMH (TTY: 1-866-411-1010) <http://patientinfo.nimh.nih.gov>

<<https://mail.nih.gov/exchweb/bin/redir.asp?URL=http://patientinfo.nimh.nih.gov/>> or for other studies: www.clinicaltrials.gov

Incorrect Birth Date on Certificate of Citizenship

If your child was assigned an incorrect birth date in their country of origin and you have had difficulty having it corrected on their Certificate of Citizenship, I would appreciate hearing from you. I would also appreciate hearing from you if you were successful in having it

changed by CIS. I am collecting stories so that I can garnish congressional support for remedying this problem. Having stories from real families will help illustrating the magnitude of this problem. Please send your story, concerns, input to me at anne@cffwi.org.

I can also be reached by phone or U.S. mail at numbers below.
